IADI Analysis and Policy Joint Technical Gathering

1 December 2026

Basel, Switzerland

Tuesday, 1 December 2026

These meetings aim to gather members of the Fintech, Reimbursement and Resolution Technical Committees, and of the Differential Coverage Technical Working Group. Members of the parent Analysis and Policy Council Committees are also invited to participate. Given limited seating availability, registrations of Technical Committee, Working Group, and Analysis and Policy Council Committees members and will be treated with priority. In-person participation to the respective committee meetings will be guaranteed for Members of these groups. An option for virtual participation will be available.

Note: These meetings are held back-to-back with the 2026 Resolution Conference, hosted by IADI, the Financial Stability Institute (FSI), and the Financial Stability Board (FSB). Participants to the IADI Analysis and Policy Joint Technical Gathering may also register for the 2026 Resolution Conference.

Parallel Sessions: 09:30 – 12:30

1. Reimbursement Technical Committee 09:30 – 12:30

Building on the proposed scope for updating the 2012 IADI Reimbursement Guidance Papers, this session will discuss the technical elements identified to support IADI Members enhance reimbursement processes, in view of technological developments, changing behaviours of depositors, and new expectations set out as part of the revised IADI Core Principles.

2. Fintech Technical Committee 09:30 – 12:30

IADI has laid out its forward agenda to support the deposit insurance community adapt to the impact of financial innovation and digitalisation. During this session, the Fintech Technical Committee will convene to gather experiences concerning promoting public awareness of deposit coverage rules relating to digital products. In addition, recent market and regulatory developments concerning digital deposit substitutes such as stablecoins and tokenised deposits will be discussed in a roundtable format. A proposal for the scope and deliverables for the 2027 TC workplan will also be discussed during this meeting.

Lunch 12:30 – 13:30

Parallel Sessions: 13:30 – 16:30

3. Resolution Technical Committee 13:30 – 16:30

This session will feature a presentation by Barbara Mainieri, Team Leader Resolvability at the Single Resolution Board on the SRB's recent Operational Guidance for Banks on Communication in Resolution. The Chairperson will present initial findings on the TC's survey on information sharing, coordination, and cooperation practices between deposit insurers and resolution authorities, with a focus on the governance framework and activities under both business-as-usual and crisis conditions. Members will also continue the experience-sharing discussions concerning the implementation of resolution framework from specific jurisdictions. Discussions on the upcoming workplan for 2027 will also be held.

4. Differential Coverage Technical Working Group 13:30 – 16:30

The Differential Coverage Technical Working Group will convene to continue the development of its analytical report. Results from the IADI Survey on differential coverage will be presented. Draft cases studies concerning differential coverage with respect to the type of deposits, depositors, temporary high balances, and other modalities will also be reviewed during this meeting.

Coffee Break 16:30 – 17:00

5. Feedback Session to the Analysis and Policy Council Committees 17:00 – 18:00

All ACC and PCC Technical Committee and Working Group Chairpersons will reflect the progress and feedback from the technical discussions. Updates and additional topics following discussions during the ACC/PCC Meetings during the IADI AGM will also be addressed in this session.
