

International Association of Deposit Insurers

Draft Cookie Notice

This Cookie Notice applies to the IADI website www.IADI.org as well as to any related IADI websites or IADI-branded pages on third-party platforms which are operated by or on behalf of the International Association of Deposit Insurers ("IADI Sites").

What are cookies?

Cookies are small text files which are downloaded to the browser directory of your computer or mobile device when you visit a website. They are widely used in order to make websites work, or work more efficiently, as well as to provide information to the owners of the website.

Other tracking technologies, such as web beacons or tags, are used by some content providers in marketing or social media to track and monitor the access of provided content.

There are different types of cookies that can be classified according to their purpose. Also, cookies may be persistent, ie coded with a defined expiry date independent of the duration of the web session, or last only for the session.

Why do we use cookies?

The IADI is committed to continuously updating and enhancing its websites. To this end, we use statistical cookies to collect user data in an anonymised and aggregated format to support the optimisation of the provided content and to improve the user experience. Cookies help us to know which pages are the most and least popular and how visitors navigate around our sites.

Which cookies do we use?

The IADI use of cookies is limited to the following types of cookies:

Technical cookies, often referred to as strictly necessary cookies, maybe be placed on a website to fulfil its purpose. By definition, without such essential technical functions, the website would not work, or be displayed in a wrong format.

The IADI uses the following Technical or necessary cookies:

Name Cookie	Domain	Purpose	Expiry or Duration	Type
JSESSIONID	www.iadi.org	Server side auto generated cookie stores session identifier for monitoring session counts for an application.	session	Necessary

Statistics or analytical cookies, also referred to as web metrics or performance cookies, collect data about how visitors use and navigate websites. These cookies count visits and identify web traffic sources by collecting user data in an anonymised and aggregated format.

The IADI uses the following statistics/analytics cookies:

Name Cookie	Domain	Purpose	Expiry or Duration	Type
CFID	www.iadi.org	CFID cookie, set by Adobe, is used in conjunction with the "CFTOKEN" cookie. It stores a unique ID for the visitor, the visitor's device and browser.	1 year 1 month 4 days	Analytics
CFTOKEN	www.iadi.org	The CFTOKEN cookie, set by Adobe, denotes the type of device used by the visitor for the website to be properly formatted. These details are stored in the CFID cookie.	1 year 1 month 4 days	Analytics

_ga	.iadi.org	A Google Analytics cookie to persist session state and unique user.	1 year 1 month 4 days	1 4	Analytics
ga*	.iadi.org	A persistent Google Analytics cookie to distinguish unique users.	1 year 1 month 4 days	1 4	Analytics

Further information about Google Analytics privacy policy can be found here: <https://policies.google.com/privacy>

Preference cookies (also referred to as functionality cookies) are used to remember personalisation choices visitors have made in the past, like a language preference. None of the information derived from such cookies is used by IADI to identify you.

The IADI uses the following preference cookies to enhance the functionality of the IADI website:

Name Cookie	Domain	Purpose	Expiry or Duration	Type
_cf_bm	.fonts.net	This cookie, set by Cloudflare, is used to support Cloudflare Bot Management.	30 minutes	Functional
ORIGINALURLTOKEN	www.iadi.org	The cookie helps to confirm user identity during the login and continues identification of the activities throughout session history.	1 year 1 month 4 days	Security
MOBILEFORMAT	www.iadi.org	The purpose of the cookie is to enhance the user experience by automatically tailoring the	session	Functional

		website layout according to the device being used.

Third-party cookies are set by parties other than the website owner. They enable third-party features or functionality to be provided on or through the website. In cases where visitors of a IADI website follow a link which takes them to a social media homepage, an external application or third-party website, they are leaving the IADI website realm and are subject to the cookie policies of the respective third party. The degree to which third parties are able to place cookies depends on the cookie control preference settings of your browser. The following third-party cookies may be set on a IADI Site:

Third-party cookies related to social media

IADI webpages link to social media websites such as Twitter and LinkedIn, and YouTube and may also show embedded content. They also link to RSS feeds. Social media providers may place cookies, or other tracking technologies, including those set by Google Analytics, or may direct the visitor to websites hosted outside a IADI Site.

Third-party cookies related to service and collaboration partners

The IADI engages service and collaboration partners to facilitate and support IADI work. Cookies placed by our service and collaboration partners on a IADI Site are limited to support technical functionality, including statistics, preference and security cookies.

How do you manage cookies?

Most browsers allow you to manage if and/or how cookies are set and used, and to clear cookies and browser data. Your browser may have settings that let you manage cookies on a site-by-site basis. Please refer to your browser instructions to learn more about your options for managing cookies.
