Expertise, Resources and Services

KDIC has an in-depth experience in operating deposit insurance scheme and resolving failed financial institutions. This includes managing deposit insurance funds, operating risk-based premium system and target fund system, resolving failed financial institutions, specializing in approaches such as open bank assistance, bridge banks, and purchase and assumption agreements, among other techniques. As an integrated deposit insurance scheme, KDIC also possesses expertise in resolving insurance and financial investment companies.

KDIC provides professional training including tailored seminar, workshop and meeting on site. KDIC also offers speakers, presenters, and panelists for training events and conferences hosted by others. Outward secondments of KDIC staff are also available.

KDIC entertains requests for capacity building services subject to ongoing responsibilities and availability of resources. Prior notice of 60-90 days or more helps improve the feasibility.

Objectives, Priorities and Financing

KDIC wishes to support building expertise in operating deposit insurance scheme from resolving the failed banks to monitoring the financial institutions. KDIC has no geographical priorities.

KDIC costs for the capacity building are largely funded by the recipient or third-party multilateral organizations, such as World Bank and IMF. KDIC might be available to bear the costs depending on the circumstances of the project and budget status.

Requesting Capacity Building Services

Requests for capacity building services should be specific and include objective, area of interest, timing, duration, financing and other significant facts of the request.

KDIC Office of International Cooperation is the point of contact for requesting capacity building services.
