#### **Expertise, Resources and Services**

---

KDIF offers expertise in deposit insurance, including specialized experience with IADI Core Principles for the Effective Deposit Insurance Systems, public awareness, funding, problem bank identification, differential premiums, estimations of coverage, legal framework, and cooperation within financial safety nets. KDIF also offers expertise in failed bank resolutions, including specialized experience with banks' forced liquidations, generation of depositors register, and direct payouts to depositors.

KDIF will contribute speakers and presentations for training seminars and workshops arranged by others. KDIF also offers expert consultation in the areas of specialized experience previously described for both deposit insurance and failed bank resolutions.

KDIF missions will typically be staffed with 1-2 experts for up to 10 days per assignment. Sufficient advance notice is required.

#### **Objectives, Priorities and Financing**

---

KDIF prioritizes missions for adjacent states and members of the Commonwealth of Independent States, given their common backgrounds and similar stages of economic development.

KDIF requires mission financing from the recipient or third-party sponsors, such as the World Bank, USAID, EBRD, etc.

#### **Alternatives Hosted by the Provider**

---

KDIF hosts visiting deposit insurers from other countries and jurisdictions.

KDIF hosts special events from time to time. In the past this has included two international conferences and seminars, IADI APRC and EARC Annual Meetings.

KDIF will consider arranging special assignments, which might involve activities such as on-the-job training or on-site observation.
