

Savings Deposit Insurance Fund (SDIF) (TMSF)
TMSF Büyükdere Caddesi, No. 143, 34394 Esentepe
Istanbul, Turkey

Web Site: www.tmsf.org.tr

Expertise, Resources and Services

SDIF offers expertise in both *deposit insurance* and *failed bank resolutions*, including the design and implementation of systems in both functional areas. Deposit insurance experience and expert competencies include ex-ante funding, risk-based premiums, fund management, and risk monitoring. Resolutions experience and expert competencies include resolving failed banks and asset management.

SDIF offers services in *professional training*, such as seminars, workshops and presentations, and *expert consultation*, such as advising, reviewing, evaluating, reporting and meetings on site.

Individual missions are limited to two experts for up to 10 days at a time. All training and consultation is conducted in English. Requests should be submitted at least 60-90 days in advance of desired services.

Objectives, Priorities and Financing

SDIF prioritizes requests from emerging markets and adjacent countries, and countries in special regions consisting of Europe, the Middle East and North Africa, and Central Asia.

SDIF prefers that missions are financed by the recipients or third-party sponsors. Alternatively, SDIF will finance the costs of transportation and accommodation for its experts. Signed agreements are required in all cases.

Requesting Capacity Building Services

Requests should address the following key elements for proper consideration: type of services required; objectives; time table; location; translation; and financing.

Requests may be sent to the following principal contact.

Ayla KUCUKOGLU KELES
