IADI Research Paper: Purchase and Assumption

The International Association of Deposit Insurers (IADI) has recently published a Research Paper entitled “[Purchase and Assumption](#)”, prepared by a Technical Committee established under the IADI Core Principles and Research Council Committee.

This paper provides an overview of Purchase and Assumption (P&A) resolution transactions around the world, including the challenges and opportunities of P&A as well as the current use of P&A among IADI Members. The paper also looks into the current practices and technical implications, providing a guide to the practical aspects of P&A transactions.

This Paper is now available in the [Papers section](#) of the IADI public website.

The International Association of Deposit Insurers (IADI) was formed in May 2002 to enhance the effectiveness of deposit insurance systems by promoting guidance and international cooperation. Members of IADI conduct research and produce guidance for the benefit of those jurisdictions seeking to establish or improve a deposit insurance system. Members also share their knowledge and expertise through participation in international conferences and other forums. IADI currently represents 92 deposit insurers. IADI is a non-profit organisation constituted under Swiss Law and is domiciled at the Bank for International Settlements in Basel, Switzerland.
